CZYSCON ELEVATED TO FELLOW

On July 6, the ASLA announced that another Georgia landscape architect is joining the Council of Fellows as part of the 2011 class. Ed Czyscon is among 40 members who will be recognized at the 2011 ASLA Annual Meeting & Expo in San Diego.

Czyscon was nominated by the Chapter in the Leadership/Management category. He is an award-winning designer who has volunteered for the past 35 years on public committees, commissions, and authorities—including as our Chapter President from 2001-02 and Georgia Trustee from 2005-2010. He currently serves as Vice President (Public Practice) of the ASLA.

JOHN MUIR EXHIBITION WILL OPEN IN OCTOBER AT ATLANTA HISTORY CENTER

Beginning October 12, and running until December 4, the Atlanta History Center will be hosting the traveling exhibition of “Nature’s Beloved Son: Rediscovering John Muir’s Botanical Legacy.” It includes high-resolution images of Muir’s plant specimens on large format canvas and paper prints, allowing the exploration of the structures, patterns, and anatomies of the plant world. Historic images, pages, and drawings from Muir’s journals set the context for his plant collecting and a set of original specimens shows visitors the real thing.

GOLF TOURNAMENT SITE AND DATE SELECTED

The Chapter’s annual golf tournament is scheduled for Monday, September 26. The event will be hosted at River Pines Golf Club.

The event traditionally helps fund the Chapter’s endowment for a landscape architecture undergraduate scholarship at the University of Georgia. More details will follow shortly.
